

## Milled peat loader JKS-15S

The high loading capacity of the JKS-15S is essential in multi-harvest production methods. The large pick-up unit can handle big ridges consisting of as many as six harvest passes. Even though the size and high

output of the loader, it has in fact been designed for easy handling. JKS-15S can be quickly set into the transport position and can be towed without the need for extra equipment.

### Technical data

JKS -15S	
Tractor type	4-wheel drive agricultural tractor
Required engine output	80-110 kW
Capacity	2500 m <sup>3</sup> /h (momentary)
Working speed	3-8 km/h
Weight	7500 kg
Loading height	3700-4700 mm
Mounting	towing hook
P.T.O.	1000 rpm
Required hydraulic outlets	2 pcs, 1-action, 1/2"
