

Milled peat ridger JVK-9HP

The JVK-9HP efficiently collects dried peat into a good ridge also in multi-harvest production. Collecting is made even more effective by brushes located at

the bottom of each ridging unit resulting high yield. The JVK-9HP is easily adjusted to suit field conditions, with hydraulic adjustment also available as an option.

Technical data

Tractor type	4-wheel drive agricultural tractor
Required engine output	75-100 kW
Capacity	6-10 ha/h
Working speed	8-15 km/h
Weight	approx. 1200 kg
Dimensions	length 20 m width 9 m
Mounting	towing hook (fitting in front of the tractor)
Required hydraulic outlets	3 pcs, 1-action, 1/2"
